

# CHET Integrity Pledge

I, \_\_\_\_\_ understand that I am responsible for my own schoolwork, assignments, and projects. I will not willfully copy from another student, use unauthorized study aids such as the internet, Wikipedia, cheat sheets, solutions guides, or any other aid that gives me and unfair advantage in my academic work over other students.

I understand that plagiarism encompasses presenting someone else's work, words, opinions without their acknowledgement. It also includes borrowing the sequence of ideas, the arrangement of material, or the pattern of thought of someone else without their prior approval or giving proper credit.

If I am caught cheating or plagiarizing, I will be given a zero on that test, paper or project.

I have read and discussed this with my parent/guardian and I will abide by the integrity pledge.
